EXPERIENCE

UI Developer(Frontend Web Developer)
At **Alethe Labs India Private Limited**
Aug 2023 - Present   Gurugram, Haryana, India

As a UI Developer at a product-based company, I bring a wealth of expertise in crafting compelling websites that leave a lasting impression on users. With a strong proficiency in JavaScript, jQuery, Bootstrap, Tailwind CSS, HTML, and CSS, I am adept at transforming design concepts into seamless and responsive user interfaces. Collaborating seamlessly with cross-functional teams, I ensure a cohesive integration of design and functionality to create visually engaging and intuitive web experiences. My passion for staying abreast of the latest web trends drives me to implement innovative solutions that optimize website performance and user engagement. Committed to delivering excellence, I take pride in contributing to the success of cutting-edge digital products that resonate with the target audience.

Frontend Web Developer(UI/UX Developer)
At **E Global Soft Solutions**
Feb 2023 - Aug 2023   Delhi, India

Working on new user-facing features using HTML, CSS, Bootstrap, JavaScript and Jquery, creating fully mobile frinendly websites. Worked on many live projects. Build many new projects here and worked on other projects also. Stablish many interactive websites that guarantees high traffic, page views and maximum user experience. Design user friendly websites, optimizing the code and increasing the user experience, resulting in a 15% increase in user clicks and also increase in customer purchase.

Frontend Web Developer
At **Pnapaao Private Limited.**
Jan 2022 - Jan 2023   Noida, Uttar Pradesh

I worked on JavaScript, Jquery, Bootstrap, CSS & HTML. Designed full responsive website using Bootstrap & Media Queries. Here I worked as a Frontend Web Developer and developed user centric & user friendly website for a good user experience. Worked hard and enhanced my development skills.

My Proffesional Portfolio 2023
Designed with the help of **HTML** ,**CSS**, **JavaScript** & **Bootstrap**. Fully Responsive and device friendly. Putting creativity, innovation and strategy into practice.

Poveda Travel Trip Related Website (Frontend Only)
I take the UI Design from the hostinger AI Generated websites example.
As a frontend web developer, I have utilized my skills in JavaScript, jQuery, Bootstrap 5, CSS3, and HTML5 to create a visually stunning and user-friendly platform. With a focus on delivering an exceptional user experience, our website is fully device-friendly and responsive to ensure seamless browsing across all devices, including mobile phones and tablets.

Personal Blog Website (Frontend Only)
JUNE 2023 - JULY 2023
Build this project with the help of JavaScript, jQuery, Bootstrap5, CSS3 & HTML5. I have designed this website also and manage all the content and images. I worked so hard for this and I am satisfied with the result. It's a fully responsive webiste and all device friendly with the cross browser compatibily.
